

# Bryant University Healthcare Summit

**April 26, 2024**

**BRYANT UNIVERSITY'S  
SCHOOL OF HEALTH AND  
BEHAVIORAL SCIENCES  
WILL HOLD ITS 2ND ANNUAL  
HEALTHCARE SUMMIT  
ON APRIL 26, 2024.**

*“Rhode Island’s Youth  
Behavioral Health Crisis:  
Paths to Resolution”*

This year, Bryant University’s Healthcare Summit will focus on resolving the youth behavioral health crisis. With the support of presenting sponsor Blue Cross Blue Shield of Rhode Island, we will have a slate of speakers, panel discussions, and breakout groups geared specifically toward resolving the extensive and serious behavioral health needs of Rhode Island’s children, youth, and families. We welcome attendees from all areas of healthcare: educators, providers, administrators, members of the insurance industry, policymakers, and anyone else with a desire to address this pressing issue. Join us to collaborate in finding a path to resolving this crisis by addressing key issues in service provision, quality assurance, workforce development, and innovative models of care.
