

Bryant University Healthcare Summit

May 2, 2025

Bryant university's school of health and behavioral sciences will hold its 3rd annual healthcare summit on May 2, 2025

Transforming Healthcare Through AI: Innovation, Ethics, and Impact

The Bryant University Healthcare Summit is designed to enhance collaboration across healthcare. Bringing together providers, healthcare professionals, researchers, technologists, industry stakeholders, and educators, the summit will foster engagement with leading experts and industry pioneers to explore the capabilities of AI in the healthcare field. The program offers a unique opportunity to delve into the transformative potential of AI in revolutionizing patient care, streamlining operations for efficiency, accelerating drug development and shaping the future of medicine.

The summit will focus on crucial topics including:

- Streamlining Healthcare Operations for Efficiency
- Enhancing Diagnostics
- Accelerating Drug Discovery and Development
- Public Health Modeling
- Behavioral Health Delivery
